Part of an in-archives exercise at <http://www.teacharchives.org/exercises/rubbish>

---

Reflect on your experience during our visit to Brooklyn Historical Society.

What were your expectations before your visit?

What was it like handling and interacting with historical publications?

What questions did the visit raise?

Post your response to the class blog, under the heading **Reflections on our Visit to Brooklyn Historical Society**.

You are also required to post a substantive comment (more than just, “I Agree”) on at least two of your classmates’ posts.
